| Software Training IDEAS, 4 hours        | 200/Training | 300/Person   | 400/Person     |

\*Plus tax

Unassisted Imaging and Analysis is available only to users who have attended the training.

The ISCF staff is available for assisted operation of the Image Stream and assisted data analysis, training and consultation from 9:30am - 5pm Tuesday to Friday. On Mondays only unassisted operation and data analysis will be possible.

Instrument use and analysis fees are billed in 15min increments.

Booking time for measurements is based on sample number and estimated cell concentration listed in the Data Acquisition form. If more samples are delivered than agreed the measurement might have to be interrupted for following users. Please make sure you plan accordingly.

If you cannot make the appointment on time, please inform the ISCF staff by calling -29-82745 (**Not per E-mail!**) Any delay in operation time will be charged 100%.

No fee will be charged for cancellation 24h prior the appointment arranged. In case of a very short notice we reserve the right to charge for arising expenses.

Any operation times after 5pm are billed with 30% extra charge.

To analyze and report data of a new project we allocate at least one full day (7h).
