<sup>1</sup> Prices are valid during working hours from 8 am to 6 pm. From 6.00 pm 20 € / h will be charged additionally.

\* plus Tax

Sorting and instrument use fees are billed in 15-minute increments. You are urged to book only those hours that you estimate your sort or analysis will require. **Note:** Book also time for cleaning the analyzers (15 min for normal measurement; 30 min for measurements with PI or DAPI staining).

The rate shown above for BD FACS Aria sorting applies for the first 30 hours of actual sorting time in any one month by a Laboratory. Additional sorting hours in

the same month by the same Laboratory are billed at 25% less. The total fee for any sort is calculated on the booked hours plus any actual time used in excess of the booked hours plus the set-up and clean-up time with 30 min each. For sorts of yeast/bacteria the set-up or clean-up time is 60 min each.

### **Cancellation and "Booked-Not-Used" Fees for the Instruments**

- No fee will be charged, if the booked time is cancelled more than the time specified for each instrument on the late cancellation policy in the table above.
- If the booked time is cancelled within the late cancellation policy window (see the Table above), the late cancellation fee will be charged. **Note:** If the sort is booked for four or more hours, then the full price will be charged for this cancellation.
- If the booked time on the instrument is not used, "Booked-Not-Used" Fees of 100% of the regular usage rate will be applied.

**Note:** Please make sure to cancel a booked session to avoid (if cancelled on time) or decrease (in case of late cancellation) the charges! Online booking via PPMS prevents double-charges and in case somebody else used the time, late-cancelled, or booked-not-used by you, the fees will not be applied to your account.
