How do I sign up to access the information platform of the Junior Academy?

You can find the link to the internal platform for the Junior Academy here:

At the top right hand corner of the page you can click on „Sprache“ to set the menu language.

ILIAS is a platform of the University of Tübingen for restricted-access course materials. Within the ILIAS system we have established an information and communications dashboard solely for the use of Junior Academy members. Before you can apply for access, you must set up an ILIAS account. You can do this by selecting „Login“ at the top of the page. This is also how you will later access the Junior Academy platform once your account has been set up and you have been admitted.

If you are a new ILIAS User, you will first need to set up an account.
Fields marked with a red asterisk are mandatory. As soon as you have entered the necessary data and accepted the conditions of use, you can log in and enter additional information in your user profile.

Under “profile” you can define exactly which information you want to be visible for other registered ILIAS users, including your picture. If you include a picture and approve its internal use, it will be visible in the members’ gallery of the Junior Academy. Here, too, you have the option of selecting your language under Settings.
As soon as you have set up an ILIAS account, you can ask to join the course „Junior Academy“ by calling up the link given at the top of this guide and selecting „join“ from the dropdown list.

As soon as you do this, Mr. Kalmbach, the course administrator, can grant you access to the Junior Academy content on ILIAS.
In der Mitgliedergalerie werden Sie nachher auch noch Gesichter zu den Namen der anderen Mitglieder sehen können. Für den Anfang sind natürlich nur die Dekanatsmitarbeiter eingepflegt, die Sie unterstützen. Sobald andere Mitglieder der Junior Academy der ILIAS-Gruppe beitreten, bietet die Mitgliedergalerie eine gute Orientierung.

Bei Problemen oder Fragen wenden Sie sich bitte an Herrn Kalmbach andre.kalmbach@med.uni-tuebingen.de.
